1.0 INTRODUCTION

The Mbala District started working on its District Integrated Development Plan (IDP) in December 2021 were it was adopted by Mbala Municipal Council during the first Ordinary Council Meeting held on Monday 12th December, 2021 vide Minute Number **MMC/12/12/21** approved the recommendation from the **PEHECSS/267/11/2021** to start the formulation of the Integrated Development Plan for the District **(Annexure A)**. A primary objective of this effort was to promote public involvement in the planning and implementation phases. In order to enhance community participation in terms of what should be included in the document at sub-district level, a Task Team was constituted to spearhead the programme of sensitizing community members in all the Nine (9) wards as well as conduct a broad community engagement initiative, reaching out to key stakeholders at both the Ward and District levels.

The initial stage of the Public Consultation consisted of publishing the Planning Programme to notify the public about the IDP preparation process. It also sought to collect community feedback on any aspects of the Planning Programme.

The second round of Public Consultations consisted of community meetings held to collect baseline information for the Planning Survey and Issues Report.

Involving the community at this point is vital to ensure that the planning process meets the needs and concerns of residents. The community meetings took place on dates from 13th November, 2023 to 24th November, 2023 in all the nine (09) Wards consisting of community members, the civic leaders, Ward Development Committee members and traditional leaders.

Subsequently, there was a Sixty (60) day period in which the Draft IDP was published for public review, this is in accordance with the Urban and Regional Planning Act of 2015 Section 40 part 2 which states that a planning authority shall make the draft integrated development plan available for public scrutiny and comments for a period of Sixty (60) days **(Annexure B)**. The Consultation took place on dates from 22nd July 2024 to 22nd September, 2024.

2.0 METHODOLOGY

Focus Group Discussion (FGD) was the method that was used in order to capture the necessary data from the community members. The facilitators used pairwise ranking planning tool in order to allow the community members to prioritize their development needs. The community members

and WDCs were also given an opportunity to express their concerns during plenary session. The Projects identified for each Ward were prioritized using Pairwise Ranking in all the nine (09) Wards to determine the priority projects using open discussions.

A facilitator during one of the sessions

3.0 FINDINGS

The following were the community submissions from the Nine (9) visited Wards.

4.0 PLANNING SURVEY AND ISSUES REPORT

Following community engagement, several key issues were identified, encompassing economic, social, environmental, and critical infrastructure challenges. The priority projects selected for the Integrated Development Plan (IDP) are detailed above.

To establish project priorities, the community used a pairwise ranking model. ***Annexes C and D*** include attendance records from the stakeholder meetings and community engagement sessions, as well as photographs captured during these **events.**

5.0 DEVELOPMENT FRAMWORK

Following the collection of submissions from different communities, the IDP team evaluated and categorized them according to the Vision, Objectives, Strategies, and Programs that target community needs.

6.0 RECOMMENDATION

a. The chosen projects by the communities be planned and budgeted for implementation over a ten-year period.

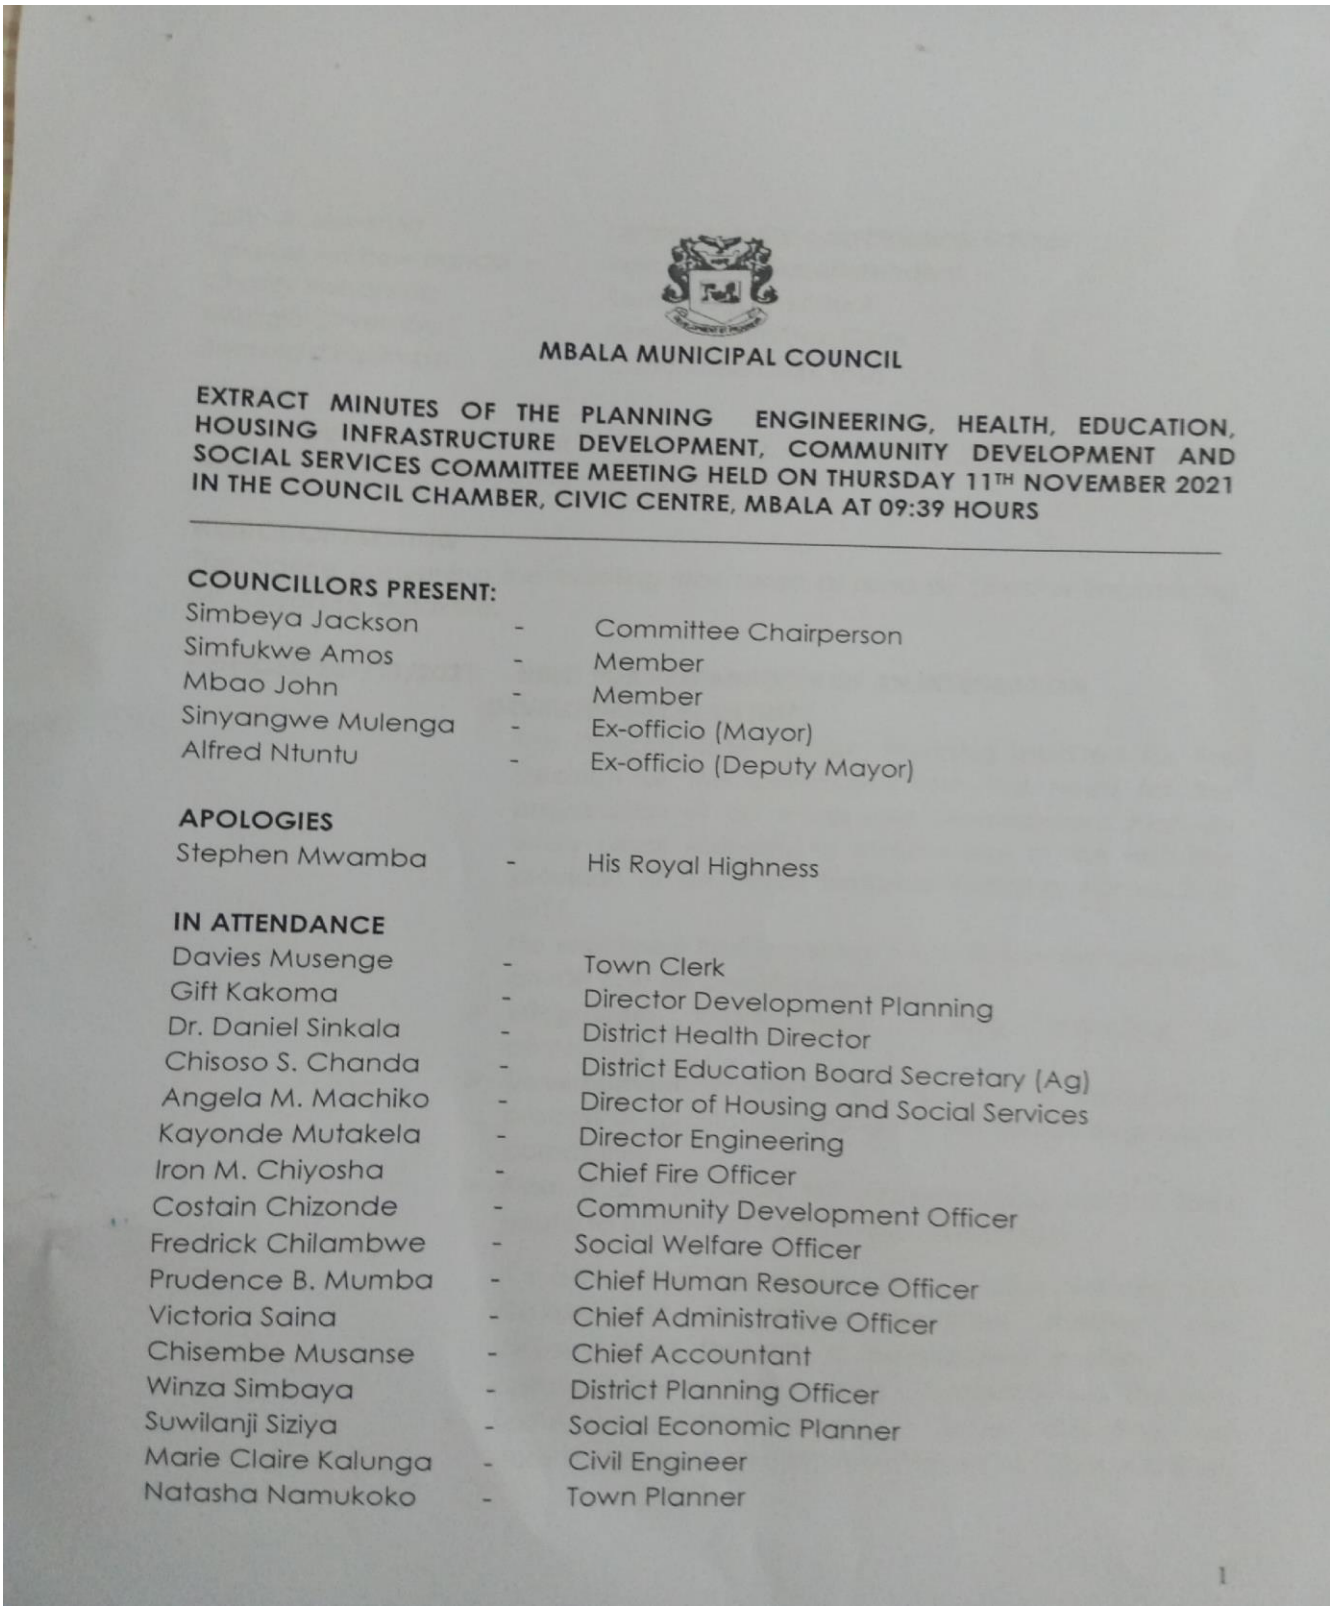
b. All the planned projects must consider the needs of persons with special needs/ disabilities to ensure inclusive building designs.

7.0 CONCLUSION

The Integrated Development Plan (IDP) for Mbala district is designed for all stakeholders, partners, and community members within the district. During the public participation process, we followed the guidelines set forth in the Urban Regional Plan. This engagement with the community was vital for gathering feedback and addressing concerns during the decision-making process, especially in relation to the IDP's development.

In this light, the proposed IDP accurately reflects the wishes of the people of Mbala. Key players in the district are committed to ensuring its implementation, which makes it crucial for the Minister to approve the IDP.

ANNEXURE A: EXTRACT OF MINUTES OF IDP APROVAL BY FULL COUNCIL



MBALA MUNICIPAL COUNCIL

EXTRACT MINUTES OF THE PLANNING ENGINEERING, HEALTH, EDUCATION, HOUSING INFRASTRUCTURE DEVELOPMENT, COMMUNITY DEVELOPMENT AND SOCIAL SERVICES COMMITTEE MEETING HELD ON THURSDAY 11TH NOVEMBER 2021 IN THE COUNCIL CHAMBER, CIVIC CENTRE, MBALA AT 09:39 HOURS

Maggie Chilembo	-	Senior Committee Clerk
Bernard Chishimba	-	Committee Clerk (Ag)

PRAYER

Prior to the commencement of the meeting, a prayer was offered by Angela M. Machiko, Director of Housing and Social Services.

NOTICE OF MEETING

The Notice convening the meeting was taken as read by Director Engineering Mr. Kayonde Mutakela.

PEHECSS/267/11/2021: NEED FOR PREPARATION OF AN INTEGRATION DEVELOPMENT PLAN (IDP)

The Director Development Planning reported for the Decision of the Committee that the need for the preparation of an Integrated Development Plan by every Local Authority in Zambia was in line with the provision of an Urban Regional Planning Act no.3 of 2015.

He explained that breaking it into its key components, an IDP can be identified as follows:-

- **Integration:** improvement, mixing, including or combining
- **Development**: improvement, growth or increase, a process of qualitative change in individuals or group or community
- **Plan:** is a framework for accomplishing various tasks (route to fulfilling of targets and objectives)

It is a Planning Tool prepared by a local authority and Government to guide **decision making** and development through a **consultative process**. It is comprehensive innature and is **budget** linked. The plan seeks to address divergent issues affecting the common man in an inclusive manner. In other ways, we

can say it is **a joint agenda** for all stakeholders in addressing problems affecting them.

WHY THE NEED FOR AN IDP?

Is an action oriented plan which can reduce poverty.

- Inclusiveness is the order of the day
- Sustainability requires that there be broad participation
- IDP binds local authority in the execution and exercise of its powers

Benefits of IDP to local economy

1. **Integration of social, economic and environmental issues**

The IDP methodology considers the limited resources available. Through integration, savings will be realised for the Municipality and service delievery

2. **Multi sectoral approach**

IDP's are the business plan of the municipality and the community at large. It integrates different sectors and thus the IDP should no longer be the plan of the Planning Department.

3. **Concern for the future- taking a long term view**

The IDP process can be used as an opportunity for the municipality to debate and agree on a long term vision (20-25 years) that provides the basis for the shorter 5 year objectives and strategies.

Objectives and strategies represent the operational translation of the longer vision.

4. **Linked to these objectives and strategies**

Municipalities will develop their 5 year plans in line with terms of office of elected councilors and Annual Budgets for the Local Authority are based on this plan.

In view of the foregoing and as provided under the Urban and Regional Planning Act no 3 of 2015. Management seeks the Resolution of the Council so

that the formulation of this important document can commence.
On a proposal by Councillor Amos Simfukwe which was duly seconded by Councillor John Mbao, it was;

RESOLVED TO RECOMMEND THAT:
The preparation of an Integrated Development Plan (IDP) be **APPROVED**.

The true extract copy of the Minutes of Planning, Engineering, Health, Education, infrastructure Development, Community Development, Housing and Social Services Committee Meeting held on 11th November, 2021 duly Authenticated in Accordance with the provisions of section 15 of the Local Government Act No. 2 of 2019 of the Laws of Zambia.

MBALA CITY COUNCIL

PUBLIC NOTICE

INSPECTION OF THE MBALA DISTRICT DRAFT INTEGRATED DEVELOPMENT PLAN FOR PERIOD 2024 TO 2034

22nd July, 2024.

Notice is hereby given that: Mbala District has completed the preparation of the draft Integrated Development Plan (IDP), as per requirement of section 19 of the Urban and Regional Planning Act No. 3 of 2015 of the Laws of Zambia.

The Integrated Development Plan is the principal Planning instrument which guides planning and development decisions by all sectors in the district. The IDP is in effect for ten years and is subject to review every five years.

In this regard, the Local Authority now invites all stakeholders and residents of Mbala to review and submit comments on the draft IDP which will be available for inspection in the following locations beginning **22nd July 2024:**

Mbala Municipal Council – Planning Department

District Administration Office

National Assembly Office

Mbala Municipal Council Website – www.mbalacouncil.gov.zm

The draft IDP will be available for scrutiny for 60 days from Monday to Friday between 08:00hrs and 17:00hrs. All submissions must be addressed to the **Town Clerk, Mbala Municipal Council, P.O Box 420057, Mbala.** The deadline for submission of comments will be **22nd September 2024** at 17:00hrs.

For further clarification, please contact the District Planning Officer on Cell: 0979756361.

At Your Service.
